Secondary Edition Monday 22nd June

St Giles SOS+ Service

St Giles' SOS+ Service delivers early intervention work in educational and community settings, through preventative sessions on violence, vulnerability and exploitation. Our award-winning approach uses trained professionals with lived experience of the criminal justice system to de-glamorise gang involvement and expose the harsh realities of crime and violence. SOS+ delivers educational sessions that tackle the issues of county lines drug smuggling, gangs, and knife crime to young people who are vulnerable and at risk of exploitation. They also provide training and awareness sessions on these topics to parents, teachers and other professionals.

Watch their video on YouTube: <https://youtu.be/8DK5S-M549A> During Covid-19 St Giles SOS has prepared a County Lines Activity Pack with animated video for you to work through and will be with your schools soon.
